**Political Contribution
Compliance Solutions —
Powered by illumis®**

Real-time political contribution monitoring and intelligence to ensure pay-to-play compliance.

Leverage the political contribution monitoring platform specifically tailored to help financial institutions **accurately** and **effectively** operationalize pay-to-play regulatory compliance processes.

The COMPLY™ public data monitoring platform, powered by illumis, is the leading solution used by compliance teams for automated monitoring of political contributions. Seamlessly and automatically scour hundreds

of millions of contribution records daily — pulled directly from federal, state, and local databases — and access vastly more comprehensive, timely, and accurate data.

AUTOMATE POLITICAL CONTRIBUTION COMPLIANCE

- Capture contributions made by monitored employees and be notified with automated email alerts
- Identify contributions immediately after they are disclosed, potentially in time to cure them
- Pre-clear employee contributions and automatically match them against monitored records
- Conduct employee certifications of contributions
- Avoid false positives with extensive filtering
- Optimize your workflow, organize records, and easily share data within your team
- Receive unlimited training and support from experts in pay-to-play compliance
- Work with the #1 team in monitoring, trusted by many of the largest financial institutions in the world
